NOW WE CAN ACHIEVE ZERO WASTE
RECYCLING ALL OUR HOUSEHOLD WASTE IS NOW POSSIBLE

TO ORDER CALL: 1-800-758-2943
OR VISIT: www.terracycle.ca/zerowaste

Offered only in Maple Ridge, BC through Progressive Waste Solutions

Your trash ended up in a landfill.

On pick up day, simply put your garbage and recycling at your curb for collection.

- **Organics**
- **Trash Can**
- **Recycle Bin**
  - The Ridge Meadows Recycling Society* collects your recyclables in their coloured bag program.
- **Landfill**
- **New Uses**
  - The materials are recycled into new products.

Residents have the option of composting their organics at home or at Maple Ridge Transfer Station & Recycling Depot.

*Ridge Meadows Recycling Society is your local recycler in Maple Ridge. More information can be found on their website at http://rmrecycling.org/.

**THIS IS NOW GOING TO CHANGE IN MAPLE RIDGE, BC!**

Everything can be recycled with TerraCycle®.

Order
Visit www.terracycle.ca/zerowaste or call 1-800-758-2943 (only available in Maple Ridge, BC)*.

Organics

Collect

Recycle Bin
The Ridge Meadows Recycling Society still collects your recyclables in their coloured bag program.

Compost
Residents have the option of composting their organics at home or at Maple Ridge Transfer Station & Recycling Depot.

Garbage Day
Put your Zero Waste Bags out on your garbage day. Please place them near, or on top of, your garbage & recycling containers (see page 4 for details on your Zero Waste Bag pick-up days).

New Uses
The materials are recycled into new products. Refer to page 19 for more details.

*This program is only available to Progressive Waste Solutions subscribers in the town of Maple Ridge, B.C. If you are not currently a Progressive Waste Solutions subscriber, please visit www.progressivewaste.com/en-quote to sign up your home for garbage and TerraCycle® service.
To make the program easy for our Maple Ridge customers, we’ll pick up your Zero Waste Bags on the same day as your regular garbage and recycling. Simply take out your Zero Waste Bags to the curb on the same day as your garbage.

For more details on your pick up day, visit http://rmrecycling.org/what-is-my-pickup-day for an interactive tool offered by your local recycler.
To order your Zero-Waste Bags from TerraCycle®, visit www.terracycle.ca/zerowaste or call toll-free 1-800-758-2943.

Separating your waste is the key to making everything recyclable. The more you separate, the more affordable your Zero Waste Bags become.

**FREE**

**FREE BAGS**
Separation Level: High

TerraCycle® has partnered with famous Canadian brands like Huggies® Brand and Nabob Coffee Co®, who have agreed to cover the cost of recycling the waste from their products. These Zero Waste Bags are completely free.

(page 6 to 7)

**CATEGORY SEPARATION BAGS**
Separation Level: High

Fill each of these bags with a distinct waste category, giving you more recycling options at an affordable price.

(pages 8 to 12)

**ROOM SEPARATION BAGS**
Separation Level: Medium

Fill these Zero Waste Bags with waste found in an entire room like a kitchen, bedroom, or bathroom. Sorting is kept to a minimum as items are limited to typical materials found in the room.

(pages 13 to 17)

**NO SEPARATION BAGS**
Separation Level: Low

Our premium choice is also the easiest. Simply put everything that you want to recycle in the bag provided and leave it on your curb for collection.

(page 18)
These Free Bags are sponsored by various Canadian brands. They have generously covered the cost of recycling not only their own packaging, but ALL the packaging within the category.

**Cereal Bags & Liners**
MOM Brands™, Sally’s Cereals® and Spooners™ create less packaging waste than comparably sized bag-in-box cereals, but you can reduce this waste a step further by recycling cereal bags and liners.

**Cigarette Waste**
Thanks to funding from Imperial Tobacco Canada, you can now recycle your cigarette waste and help keep it off Canadian streets and out of Canadian landfills.

**Coffee Bag**
Through our partnership with the Nabob Coffee Co., you can recycle all brands and sizes of coffee bags to add an eco-friendly layer to your morning routine.

**Diaper & Wipes Packaging**
Through our partnership with Huggies® Brand, you can now recycle your plastic diaper and wipes packaging to prevent it from ending up in Canadian landfills.

**Hot Cereal Pouches**
The only thing that can improve a bowl of hot cereal is being able to recycle its packaging. Thanks to MOM Brands™ and Sally’s Cereals®, hot cereal pouches can now be recycled through the free bag program.

**Lunch Kit Packaging**
Schneiders® Lunchmate® is working with TerraCycle® to make a positive contribution to the environment by providing the opportunity to recycle lunch kits and their respective packaging.
Free Bags

THREE EASY STEPS:
1. Order your FREE Bags
2. Place what is accepted into these bags
3. Put out the bags on your garbage day to be collected and recycled

Nespresso
Thanks to Nespresso, every time you enjoy a cup of your favorite Nespresso blend, the used capsule can be placed in this free bag for recycling. In this program only Nespresso capsules are accepted.

Sandwich Bags & Containers
Through a partnership with GLAD®, you can now recycle your plastic food storage containers and bags through this free bag program.

Squeezable Snack Pouches
GoGo squeeZ® and TerraCycle® have partnered to provide you with a free recycling solution for squeezable snack food pouches.

Put all of your non-recyclable and non-organic waste that is generated in your kitchen in the **Kitchen Separation Bag** to ensure that all of your kitchen waste is recycled.

### Acceptable Waste:
- Plastic Packaging
- Paper Packaging
- Kitchen Gear
- Baby Gear
- Filters
- Cleaning Accessories
- Coffee and Tea Accessories
- Party Supplies and Dining Disposables
- Interior Home Furnishings
- Coffee Discs
- Prescription Drug Packaging
- Fabrics and Clothing

### Unacceptable Waste:
We will not accept organics, broken glass, bio-medical waste, soiled diapers, expired medication, or household hazardous waste such as lithium ion batteries, pesticides, paint, pressurized canisters, and medical sharps.

### How It Works:
Please choose the size of bag you’d like to purchase from [www.terracycle.ca/zerowaste](http://www.terracycle.ca/zerowaste). When you receive your bag fill it with the appropriate waste streams. Once your bag is full simply put it out on garbage day for pick up. When we receive it we’ll safely recycle all of the collected materials.

**$16.49**

To order your Zero-Waste Bags from TerraCycle® visit www.terracycle.ca/zerowaste or call toll-free 1-800-758-2943.

HOW YOUR WASTE IS RECYCLED

Your various Zero Waste Bags will be picked up as part of your standard Progressive Waste Solutions curbside service (according to the pick-up schedule on page 4 of this catalogue) and sent to a local sorting facility. Once sorted, the materials are sent to various TerraCycle® recycling plants across North America to be processed.

The first step is the sorting process allowing the collected materials to be grouped together into categories for recycling. This is why the higher separation Zero Waste Bags are more affordable (refer to page 5). Sorting is completed through a variety of manual and automated material separation steps. Waste streams composed of a single material are combined with other waste made of the same material. More complex waste, which is made of numerous materials, is dealt with separately. This complex waste is shredded and separated by an automated process which combines the different categories of similar materials.

Once the waste is appropriately separated into the necessary material groupings it can be processed separately in order to assure 100% of what is collected is recycled properly and efficiently. This process differs depending on waste stream. For example, coated papers - like coffee cups - will be hydro-pulped to separate out the wax and plastic coatings and the paper fibers. From there the wax and plastic are recycled into new plastic applications and the fibers can be recycled into new paper products or composted.

Collected metals are smelted for the steel-making process. Flexible and rigid plastics are extruded, pelletized and can be molded into a variety of new plastic products. Other waste streams, including those made from glass and rubber polymers are recycled separately with unique processes appropriate for those materials.

For more detailed information on our recycling processes, please visit www.terracycle.ca/zerowaste and click on each waste stream for more information.
To Place an Order:

Option 1

Visit us on the web at www.terracycle.ca/zerowaste 24 hours a day to place an order.

Option 2
